Registration Appeals

Committee

Dear Student

Date: 16 November 2015

This is a call for all students who have not applied for Registration Appeals Committee (RAC) and all students who have outstanding fees from 2015 and cannot afford to pay them by registration next year (2016), to come to the SRC office and enlist their names.

We do not promise to settle debt but we would like to begin to construct a student database and begin fundraising and negotiating for students.

In this light we urge students to apply for RAC before the Closing date (08 December 2015) and to not prolong and procrastinate. Please use the SRC office for queries and enquiries related to the above mentioned.
