

## COLLEGE OF HEALTH SCIENCES

### STUDENT SUPPORT SERVICES [SSS]

#### ***Our purpose:***

- SSS plays a critical role in enhancing the wellness, holistic growth and development of students.
- We provide students with constructive help to support them as they navigate their way through their journey from 1st year through to graduation.
- Our services are designed to impact on the student in both the 'Teaching and Learning' and the 'Living and Learning' contexts.

#### ***Services offered:***

We offer a free, professional and confidential counselling, career and academic support service to all registered and prospective students of the CHS. Some specific services offered are:

- Personal/Career Assessment and Counselling
- Career Development Services
- Academic Skills Programmes
- Structured Student Retention and Throughput Programme
- Crises/Trauma Management
- Lifeskills Development Programmes
- Peer Wellness Mentoring
- Academic Orientation and Integration Programme
- Living and Learning Communities

*Your passport to success from  
first year to graduation*
