# COME TEACH WITH US!

Do you use tools like R, Python, SQL, OpenRefine, Unix shell, Git/GitHub?  
Do you care about sharing your knowledge?  
Do you believe in community?

Help us to bring foundational coding and data science skills to everyone at UKZN with [The Carpentries](#). We want to grow our community at UKZN, everyone who is passionate about sharing knowledge is invited to join, all disciplines welcome. You will gain experience in teaching, organising events, communicating.
