WORKSHOP: USING BLENDED LEARNING TECHNOLOGIES IN TEACHING AND LEARNING

WORKSHOP OVERVIEW

Following the previous Blended Learning workshop we are pleased to have two skilled presenters from the University of Stellenbosch. This workshop intends to empower staff in the use of Blended Learning to improve knowing and understanding, how to incorporate different technologies, including ICT, video, animations, mobile phones into the teaching and learning process within our lectures. This workshop **includes hands-on engagement** in the use of the various technologies that are available for staff to use.

All staff of the UKZN College of Humanities are invited to participate in these workshops, as part of the College of Humanities curriculum transformation process. **PLEASE CARRY YOUR LAPTOPS AND MODULE OUTLINES OF WHAT YOU TEACH**

ABOUT THE FACILITATORS

Gavin van Niekerk

Gavin has a Master's Degree in Information, Communication and Technology in Education from The Institute of Education, University of London. He is currently at the University of Stellenbosch as a Blended Learning Co-coordinator in the Faculty of Education, involved in the planning and implementation of professional development opportunities for the integrating of ICTs in learning and teaching. He is proficient in digital design, project management, and in Learning Management Systems like *Moodle* as well as *Office suite*, *Adobe suite*, *Camtasia* and *iSpring*, allowing him to develop, monitor and evaluate the quality of online courses. He is a member of several committees and provides leadership and guidance in ICT.

Neil Kramm

Neil is currently the Blended Learning Coordinator at University of Stellenbosch. He is involved in Project management of several research processes, and is also a Junior Researcher at the Unit of Religion and Development Research. He is proficient in the use of data analysis programmes like *Atlas.Ti*, *SPSS*, *ARC.GIS*. He administers a course for international students visiting Stellenbosch university, and is a tutor and lecturer in Political Sociology. His background involves corporate experience which adds to his organizational skills in the academic research projects.

Prof Labby Ramathan

Facilitator: Prof. Labby Ramathan has been engaged in Teacher development and Curriculum, both at school education and higher education, for more than 20 years. He has conducted several workshops across universities on teaching, learning and research to academic staff and postgraduate students. Currently he is leading the Curriculum Transformation Project with the College of Humanities.

UKZN: INSPIRING GREATNESS
