Certificate in Forensic Investigation Techniques

Durban

OUR WORLD IS CHANGING...SHOULDN'T YOU?

Certificate in Forensic Investigation Techniques

About this programme:

This programme provides students with exposure to substantive, practical and ethical aspects of forensic investigation. The programme is designed to ensure that candidates are trained in the basic competencies of forensic investigation relevant to the criminal justice system and relating to commercial crime.

The objective is to equip students to undertake forensic investigations with an appreciation of law; forensic auditing; investigation techniques and the ethical implications.

How you will benefit. You will learn to:

- Display an understanding of legal concepts relevant to forensic investigations
- Display an understanding of basic accounting and forensic auditing relevant to forensic investigations
- Display an understanding of specialised forensic investigation techniques
- Demonstrate an understanding of the civil and criminal trial processes, including Rules of Evidence
- Demonstrate the capacity to analyse witness statements and affidavits
- Demonstrate the capacity to prepare and write a forensic report

Key focus areas:

- Basic Legal Concepts
- Basic Accounting Concepts and Forensic Auditing
- Specialised Forensic Investigation Techniques
- Civil and Criminal Trial Processes
- Rules of Evidence
- Forensic Report Writing

Who should attend:

The programme is suitable for students interested in developing practical skills in forensic investigation

Entrance requirements:

National Senior Certificate with minimum higher certificate admission or a relevant NQF4 qualification. No prior learning assumed of students.

Programme fee:

The programme fee of R19 050 (incl. VAT) covers tuition and instruction material

Duration:

12 days (Two block sessions over two months)

UKZN Extended Learning (UEL) is committed to enrichment through lifelong learning, by providing high quality credit and non-credit bearing programmes in collaboration with schools and colleges of the University of KwaZulu-Natal. In a fast-changing environment, developing relevant and useful skills and knowledge, and the capacity to deliver results, is more important than ever. Our programmes are designed using the very best methods by combining content, based on both tried and tested results, and recent cutting edge research, with interactive experiential teaching and learning from local and international experts, faculty and guest speakers.
