

Aurecon: Graduate / Internship Programme 2021

Location: Pretoria, Cape Town, Paarl, Durban, Johannesburg

We are looking for graduates with a diverse skillset to help us reshape Africa through human-centered design and engineering. If you are a team player with an interest in people, have a can-do attitude and you are wired to make a positive impact to society, you might be what we need.

Final year undergraduate & Masters students with a focus on one of the following disciplines:

- Civil Engineering,
- Mechanical Engineering,
- Electrical / Electronic Engineering,
- Industrial Engineering,
- Mechatronics Engineering,
- Chemical Engineering,
- Geotechnical,
- Pavement,
- Structural Engineering
- Ports & Coastal Engineering
