

COLLEGE OF HEALTH SCIENCES

STUDENT SUPPORT SERVICES [SSS]

Our Purpose:

- SSS plays a critical role in enhancing the wellness, holistic growth and development of students.
- We provide students with constructive help to support them as they navigate their way through their journey from 1st year through to graduation.
- Our services are designed to impact on the student in both the 'Teaching and Learning' and the 'Living and Learning' contexts.

Services offered:

We offer a free, professional and confidential counselling, career and academic support service to all registered students of the CHS.

- Individual Personal Assessment, Counselling & Psycho-Therapy
- Crisis, Trauma & Psychiatric Emergencies
- Structured Student Retention and Throughput Programme
- Group Therapy
- Life Skills Development
- Career Assessment, Counselling & Development
- Academic Orientation & Integration
- Academic Assessment & Intervention
- Peer Wellness Mentoring
- Academic Mentoring
- Living and Learning Communities
- Graduate Development for the World of Work
