Competent Project Management

CONTINUING EDUCATION

OUR WORLD IS CHANGING...SHOULDN'T YOU?

Competent Project Management

About this programme

This programme provides an objective overview of Project Management from a practical business perspective; from initial conceptualisation, to planning, to implementation and subsequent evaluation. Increasingly, projects are seen as a vehicle for accomplishing tasks and meeting objectives in competitive markets, to address customer and organisational needs. The role of the project manager is being re-defined to ensure the successful completion of corporate and major capital projects. Delegates attending the programme will have the opportunity to develop practical skills for use directly on their return to the organisation.

How you will benefit

- Develop a conceptual scoping statement
- Compute the duration of a project
- Cost activities and manage budgets
- Predict risks and develop contingencies
- Develop quality standards
- Construct work and technical breakdown structures
- Manage a project and project team
- Measure the progress and results of a project's implementation

Key focus areas

- Defining projects
- Project characteristics
- Project Life Cycle (short and long term)
- Project management and strategy
- Measurement tools for competent project management
- Making projects work - technical skills
- Project planning
- Network planning
- Socio-cultural skills
- Managing group dynamics
- Time management

Who should attend

- Anyone involved in or associated with projects, either as a project manager, planner, accountant, influencer, sponsor or part of a project team.
- This programme is suitable for candidates in the business and government sector

Entrance requirements

- Matric and/or relevant industry experience
- Applicant must have access to a reliable Internet line to complete required hours online

Programme fee

The programme fee of R7 830 (incl. VAT) covers online tuition, instruction material and data allocation

Disclaimer: Due to the extended planning horizon, UEL reserves the right to amend dates and prices at short notice, whilst protecting the consumer rights and interests of prospective delegates. For the most accurate information, please visit our website: www.ukznextendedlearning.com

Facilitators include:

Professor Pantaleo MD Rwelamila

Professor Rwelamila researches and teaches project management and is based at UNISA's School of Business Leadership. His areas of specialisation include project management, project delivery systems, and influence of culture on project management. His research interests are appropriate project delivery systems, best practices in construction for industry development, public private partnerships (PPPs) in infrastructure development, construction industry policy, culture in organisations, TQM and project dispute resolution methods. In 2005, Prof Rwelamila was the second most cited academic in the research area of project management in the world. He holds PhD (Project Management), UCT MSc (Construction on Project Management), Brunel University APD (B.Economics) ARI-UCLAS qualifications.

Mondli Mbambo

Mondli is a passionate project management professional and practitioner. He is a Project Manager by choice not by chance. He has worked with various consulting firms as a Project Management Specialist. He has been facilitating Project Management lectures since 2007. He sees lecturing as a strategic platform to share real life case studies on various projects that he has worked with. Mondli is a professional member of the Project Management Institute (PMI) and Project Management South Africa. He is the former President for PMSA (KwaZulu-Natal region), and he serves on the Executive Committee of this professional body.

Learning Methodology

Delegates attending the course are provided with a unique blended learning methodology which combines online access to subject content with real time engagement with facilitators, and the opportunity to add value through contact learning sessions, where feasible and appropriate.

Duration

- 3 days (interactive sessions with facilitators)
- Full implementation plan to be communicated on registration
- Recorded sessions will be available only for registered delegates for a limited period
- Assessments are restricted and all social distancing measures are adhered to as per the DOH regulations
