### Pedagogy of supervision

Step into impactful academic mentorship through our comprehensive Pedagogy of Supervision Workshop, tailored for emerging academic staff. This workshop delves into the art of guiding postgraduate students, offering insights into effective communication, fostering independent research, and nurturing a dynamic learning environment. Gain practical strategies to navigate diverse student needs and challenges, while honing your feedback skills. Connect with academic peers and share best practices. Join us to refine your supervisory approach, and amplify student success. Facilitators with a wealth of experience will take you on a journey of growth and excellence in supervision.

**Facilitator:** Prof Oliver Mtapuri

**Date:** 26 September 2023

**Time:** 09h00 to 16h00
