University Education Induction Programme (Academic Development Programme)

OUR WORLD IS CHANGING...SHOULDN'T YOU?

University Education Induction Programme (Academic Development Programme)

PROGRAMME OVERVIEW & OBJECTIVES

"Education, training and innovation are central to South Africa's long-term development. They are the core elements in eliminating poverty and reducing inequality, and the foundations of an equal society." (National Development Plan: Vision for 2030).

For education to play this pivotal role, it requires committed academics who are able to construct and transfer knowledge through a carefully designed and implemented curricula. The University Education Induction Programme is designed to support the personal and professional growth of Academics through four specialised modules: Supervising Research in Higher Education, Assessing Learning in Higher Education, Designing and Evaluating Curricula in Higher Education, and Teaching and Learning in Higher Education.

How you will benefit

- Supervise research in ways that are effective, efficient and ethical
- Explore and debate a wide range of assessment possibilities
- Develop and critique relevant curricula
- Enhance teaching and learning practices in the South African context
