SECTION TWO: CONTEXTUAL INFORMATION

What is the John Davidson Educational Trust (JDET)?

John Davidson was born in Johannesburg in 1913. He matriculated from St John's College, obtained an MA from Cambridge and later qualified as a Chartered Accountant. His education was interrupted by World War Two and he was a Prisoner of War for nearly four years in Italy and later Germany. John was the General Manager of the family firm, Boksburg Brick and Fireclay Ltd. He hated injustice and firmly believed that education was vital to enable anyone to have an opportunity in life and to begin to achieve their potential. He helped many young people during his life; subsequent to his death, the John Davidson Educational Trust (JDET) was established to continue his vision.

Who are the current trustees?

The family representative on the JDET holds an MA and a Diploma in Financial Management. She is a rural and community development consultant who has run her own business for over 30 years. Her educational experience spans working and mentoring people from preschool to post-doctoral level. She has been a trustee since JDET started in 1996.

The compliance specialist of JDET is a qualified attorney, notary and conveyancer who has worked mostly as a corporate and commercial lawyer in Johannesburg, and also in Luxembourg and London. Furthermore, she has work experience in legal, compliance and company secretarial positions in the financial services industry. She is also an experienced trustee of NGOs and trusts. She has served on three other educational trusts.

The educational trustee specialises in how vernacular languages and English, as the language of learning and teaching, intersect with other sociological factors to enable, or constrain, student achievement in traditional 'Western' education environments. She has extensive teaching and curriculum development experience in multilingual and multicultural situations locally and globally. She also has an interest in the impact of digitisation on student achievement. She holds a PhD in Education and Development from the University of Kwazulu-Natal.

The fourth trustee is a senior executive in the private sector. She holds a Chemical Engineering degree from the University of the Witwatersrand and a MBA from Harvard.

JOHN DAVIDSON EDUCATIONAL TRUST APPLICATION FORM 2025

How are decisions made about who gets funding?

There is a system of processes which the trustees follow exactly. They have to obey many finance and other laws as part of the process.

These steps are:

1. Send out the call for JDET funding applications to the: University of Cape Town; University of Witwatersrand; University of KwaZulu-Natal and Rhodes University
2. Receive applications from the universities.
3. Review each single application to check that it is complete and is an area of study the JDET can fund
4. **Only** fees are funded
5. Students are informed **via email / their university** if their application has been successful
6. The JDET does not communicate directly with students. All communication is done through the relevant university's post-graduate funding office
7. Applicants who are successful will have to write two Monitoring Reports. This is to assure the Trustees that the funds are being used as intended.
 - a. Monitoring reports are due in July and December.
 - b. The reports will be submitted to the JDET via the University's post-graduate office.**
 - c. The Monitoring reports must include a printout of your fees for the period 1 Jan 2025 – 30 June 2025 or 01 July 2025 to 15 Dec 2025.

What are some of the most important things I need to know if I want to apply?

- 1. There is a deadline which must be met.**
 - a. If you miss the deadline, you cannot apply for funding from the JDET for this year.
- 2. Your application must be 100% complete.**

 - b. If information is missing, your application will not be progressed to the next stage.

What do I need to apply, to be **eligible**, for consideration for funding from the JDET?

There are three criteria that make you eligible to apply. In order of importance, they are:

1. The **type of qualification** you intend to study for (see below)
2. Your **academic ability: your undergraduate degree average in your final year must be 60% or above.**
3. Your **financial need**

JOHN DAVIDSON EDUCATIONAL TRUST APPLICATION FORM 2025

SECTION SIX : LETTER OF MOTIVATION AND CV

How do I write a good Letter of Motivation (LOM)?

In your LOM, the Trustees want to get a sense of who you are and what your hopes and dreams are for your life pathway. They will especially want to know what you have done until now to achieve your goals. And they will be most interested in your thinking about how you plan to use your post-graduate study to achieve your goals, and what your thoughts are about using your education to help others in our country or to fill a skills gap. For example, if you are studying Electrical Engineering, they might want to know how you imagine making a difference to our current electricity crisis. Or, if you are studying Accounting, they might be interested in your ideas around entrepreneurship and job creation.

Below are some checkpoints for your Letter of Motivation:

1. You must be the **original author** of the Letter of Motivation
 - no copying either from an online source or paper-based source
 - no hiring of other people to write for you
 - **no using of ChatGTP or other AI tools to generate** your Letter's content
 - the tone of your letter needs to be respectful and relatively formal
2. You **must use** proof reading tools (so that there are **no tricky English grammar or spelling mistakes** in your LOM. For example, Grammarly and the MS Word spelling and grammar check are helpful.
3. You must **stick to the 300-word count**: the Trustees receive hundreds of applications.
4. Here are some suggested guidelines for the content of your Letter:
 - Briefly describe what is unique about you that has enabled you to **accomplish** what you have up until this point in your life
 - Explain, with some supporting detail, why you **have chosen** the post-graduate qualification you have
 - Outline how you think receiving the JDET funding could help you **get to the next step** in your study pathway
 - Describe what **your vision** is for your life after studying: the next five years or so
 - In a few short sentences, describe how your individual success **might contribute** to the good of South African society.
 - Give **an overview of your financial situation** that helps the trustees see that your hopes and dreams can only be achieved with the funding from the John Davidson Educational Trust.

What must I do with my CV? And must it have a photo of me?

Add it to your overall application as an attachment, together with your Letter of Motivation. If you use a photo, make sure it is clear and appropriate: no social-media type poses. An example of a CV is printed on page 15

How is my personal information used and protected by the JDET?

The JDET and its Trustees are fully compliant with POPIA regulations. All personal information is destroyed once it is no longer needed.
