

9<sup>th</sup> April 2026

Dear Engineering Graduate,

**EXCITING CAREER OPPORTUNITY FOR AN INTERNSHIP / WORK EXPERIENCE**

**RENEWABLE GENERATION PROJECT**

We have an exciting opportunity for an **Electrical / Electronic Engineer** Graduate Internship.

This will fall under our Vega Properties division:

- Based in New Germany Durban.
- Looking for a person with the correct attitude, passion and drive.
- Self-starter who can work without supervision.
- Pro-active.
- Enquiring mind who learns quickly.
- The exciting project will be Renewable Energy Generation – Solar and other forms of future renewable energy generation.

While it is termed an internship, it is up to the individual! - We envisage that if the person has the drive, passion and attitude, they will be able to create their own future for themselves, making this exciting role into a permanent or long-term role well into the future.

Deneb Investments Limited is a diverse investment group operating predominantly in Southern Africa with Subsidiaries in Switzerland and Hong Kong. Deneb is listed on the JSE under the Diversified Financial Services Sector. We have 23 companies in the Group operating in the Property, Branded Products, Distribution, and Manufacturing Sectors.

If you are interested in being considered for this exciting Renewable Energy Project, then we would like you to follow the process below:

- 1) Send your CV to [snaidoo@deneb.co.za](mailto:snaidoo@deneb.co.za)
- 2) Once you have submitted your CV, the suitably qualified applicant will be required to complete the Test Gorilla Assessment. This will include the following online assessments:

- a) 16 Personality Types
- b) Problem Solving
- c) Verbal Reasoning
- d) Numerical Reasoning
- e) Time Management

Follow the link to the Test Gorilla Assessment for Internship / Trainee

Guidelines to follow:

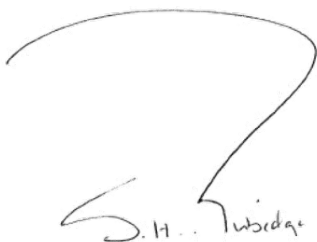

1. You will receive an e-mail invitation from Test Gorilla to complete the assessments.
2. The e-mail may go to your Junk e-mail, please check.
3. Each assessment is maximum 19 minutes. We have extended the time allowed from the normal 10 minutes to 19 minutes.
4. Once you start an assessment you have to complete it or do as many questions as you can. You can break in-between each assessment. Breaks can be as long as you like.
5. Please complete the assessment by the deadline date indicated in the email invitation.

As a general comment, ensure you are relaxed and do not get stressed during the assessments. Ensure that you have good internet connection and that you will not be disturbed as the time cannot be stopped during each test.

- 3) We will assess your CV and your assessment results and will conduct interviews with short-listed candidates to participate in the Renewable Energy Project.
- 4) If you are selected, you will be assigned to a Senior Manager at Vega Properties to be your Mentor. Your Mentor will assign specific projects to you and will meet with you regularly.

We look forward to hearing from you and your participation in this exciting career opportunity.

Kind regards

---

**STEPHEN RUBIDGE**  
**GROUP IR EXECUTIVE**
