

WEBINAR

Emerging Directions in Asphalt Materials and Pavement Performance Engineering

Organized by the
Sustainable Transportation Research Group (STRg) and the
KZNDOT Chair in Sustainable Transportation at the University of KwaZulu-Natal

Webinar Facilitator:

PROFESSOR MOHAMED MOSTAFA

Chair and Director: kzndot Chair in Sustainable Transportation at ukzn

PRESENTERS

DR. NUHA MASHAAN

Leader of Road pavement and Transportation Research Group,
Assistant Professor, School of Engineering,
Edith Cowan University (ECU), Australia

"Transforming Waste into Sustainable Pavement Solutions"

DR.-ING. GUSTAVO CANON FALLA

Technical University of Dresden, Faculty of Civil Engineering,
Institute for Urban and Road Construction, Chair of Road
Construction

*"Advanced asphalt characterization for the digital twin of
the road"*

14 August 2026

09h30 (GMT+02)
